CALITERRA SOLIDARITY WORKS

Colchagua, May 1st & 2nd 2010

On Saturday May 1st a group of 42 people from Santiago, Chillué and Panquehue joined with the people of Caliterra in Colchagua to start this project. To optimize time and work, the group was separated into teams of six people to be able to build several houses at a time.

After two days of intense work, we had not only met the original goal of building the programmed houses, but also, several additional houses were painted, the floor was installed in two other homes, gifts were provided to the new owners and we had shared quality time with the families of Colchagua.

Impossible to forget Juan Zuñiga and his wife who was 8 months pregnant, the homemade bread at Ramiro Arce's home, the affection received while building with Rodrigo Basualto, the clay oven chicken we ate at Patricio Palomino's house, Humberto Almonacid's family, the surprise face of Roberto Figueroa, Marcelino Duarte's joy when we finished building, among many others friends.

Also, we had the wonderful opportunity to distribute school supplies to the children of the Valle Hermoso and Santa Victoria Schools and support the Palmilla Municipality in their hard reconstruction work.
