QUALITY OF OUR LAND

Cenit

Cenit Represents "The highest point in the sky" [el punto más alto del cielo], our commitment to a sustainable environment at the Caliterra Estate terroir in the Colchagua Valley. Every December twenty first the longest day of the year takes place in the southern hemisphere due to the summer solstice. Such day the sun has its Cenit over our Caliterra Estate as we celebrate the bottling of the new vintage of Cenit [The Highest wine in the Caliterra sky].
